

Collision of Rhythm offers educational outreach programs and workshops for all ages. Between Aaron Williams and Bronkar Lee, they have over 40 years of experience teaching, coaching, and facilitating workshops for children, teens, and adults. With Aaron as a world-class music educator and Bronkar having created his own learning methodology, they are the perfect team to deliver a program that gives participants not only new musical skills, but a set of tools that will boost self confidence, open their minds, and create a sense of wonder and excitement around learning. As an added bonus, if the workshop is scheduled prior to the main performance, the attendees can learn a piece (taught by Aaron and Bronkar) that they will get to perform on stage with Collision of Rhythm.
